

Directions:

1. Download file, save to your computer, and print out.
2. Cut with scissors along outside dark line.
3. Fold along dotted line and fold sides over each other to form the hat.
4. Tape the inside of the two sides together, so the tape is inside the hat.
5. Using a hole punch, punch a hole in each side of the hat, parallel from each other (by the ears).
6. Tie thin string from one hole punch to the next, adjusting string to fit around an adult-sized head.
